## Analysis of Financial Reports

- a stand-alone course which is also part of the Certificate Programme in Practical Finance (CPPF)

This **two-day** course is for anyone wishing to gain insight into the underlying story told by financial reports, mainly of listed companies.

Main topics

- the key financial and accounting principles behind the construction of financial reports
- the main drivers of profit, cash flow and value
- analysing the results of corporate groups
- ratios and other measures of performance
- the implications for growth and financial health
- case studies.

Successful candidates will receive a certificate from Johannesburg School of Finance which will also confirm the completion of two credits towards the School's **Certificate Programme in Practical Finance (CPPF)**. The CPPF is a unique qualification comprising a series of courses in practical financial management designed to develop excellent skills for effective business decisions. For more on the CPPF, see [www.jhbfin.co.za](http://www.jhbfin.co.za).

**The course presenter: Peter van Ryneveld**

**Peter** has Masters degrees in Economics and Law and is a CFA charter-holder. He did his undergraduate degree in Economics at UCT, followed by Honours and Masters (cum laude) at Stellenbosch and an LLM at Cambridge. He spent the early part of his career in merchant banking and stock-broking, focusing mainly on equity research and sales.

For the past twenty-five years he has been designing and presenting courses in business and investment finance to investment professionals, corporate managers, retirement fund trustees and, since 2002, to CFA® candidates. He has travelled extensively throughout Africa and has presented courses in over 15 different African countries during that time. He is the co-author of "The Essentials of Retirement Fund Management in South Africa 1993-1994" and has appeared on TV as a presenter in the "Your Own Business" series.
