

“taking the myth out of finance”

Capital Investment Decisions

- a stand-alone course which is also part of the Certificate Programme in Practical Finance (CPPF)

This **two-day** course explains clearly the key principles and techniques for evaluating capital investments.

The valuation techniques are illustrated and reinforced using practical examples.

Excel functions are explained and demonstrated during the course.

Case studies and exercises enable candidates to carry out future assessments with confidence.

Successful candidates will receive a certificate from Johannesburg School of Finance which will also confirm the completion of two credits towards the School's **Certificate Programme in Practical Finance (CPPF)**. The CPPF is a unique qualification comprising a series of courses in practical financial management designed to develop excellent skills for effective business decisions. For more on the CPPF, see www.jhbfin.co.za.

The course presenter: Peter van Ryneveld

Peter has Masters degrees in Economics and Law and is a CFA charter-holder. He did his undergraduate degree in Economics at UCT, followed by Honours and Masters (cum laude) at Stellenbosch and an LLM at Cambridge. He spent the early part of his career in merchant banking and stock-broking, focusing mainly on equity research and sales.

For the past twenty-five years he has been designing and presenting courses in business and investment finance to investment professionals, corporate managers, retirement fund trustees and, since 2002, to CFA® candidates. He has travelled extensively throughout Africa and has presented courses in over 15 different African countries during that time. He is the co-author of “The Essentials of Retirement Fund Management in South Africa 1993-1994” and has appeared on TV as a presenter in the “Your Own Business” series.

2019 Course dates: 06 – 07 May 07 – 08 October
